## **Medication Policy & Procedures**

## Paradykes Primary School & Family Learning Centre – Medication Policy and Procedures

### Introduction

The policy and procedures have been formulated according to current needs and in reference to Midlothian Council Policy Guidelines as stated in Pupil Welfare :4.5 (4<sup>th</sup> Revision) 'Administration of Medication for Children and Young People in Schools and Centres'.

The Head Teacher (Mr Tim Wallace) accepts responsibility, in principle, for school staff giving or supervising children taking prescribed medication during the school day. Wherever possible, parents should ensure that their children's medication is prescribed in dose frequencies that enable it to be taken outwith school time.

The school office will store all original information related to medication with copies held with individual pupil's medication.

**Please note that 2 staff signatures are required any time any medication is administered.**

### Non-prescription medication

If a pupil suffers regularly from acute pain, e.g. migraine, parents should authorise in writing and supply appropriate pain killers for their child's use, with written instructions about when the child should take the medication. A member of staff should supervise the pupil taking the medication and notify the parents in writing, using the standard letter on the day it was administered. Please note this medication should be kept by the school office.

### Pupils with long term or complex medical needs

Pupils with long term or complex medical needs will have their medicines administered by office staff. Medicines will be kept by the school office and pupils will attend at pre-arranged times to receive medication. An individual health care plan (MED3) will be in place for such pupils and this will be reviewed and updated annually or more frequently if needs change.

### Prescription Medication

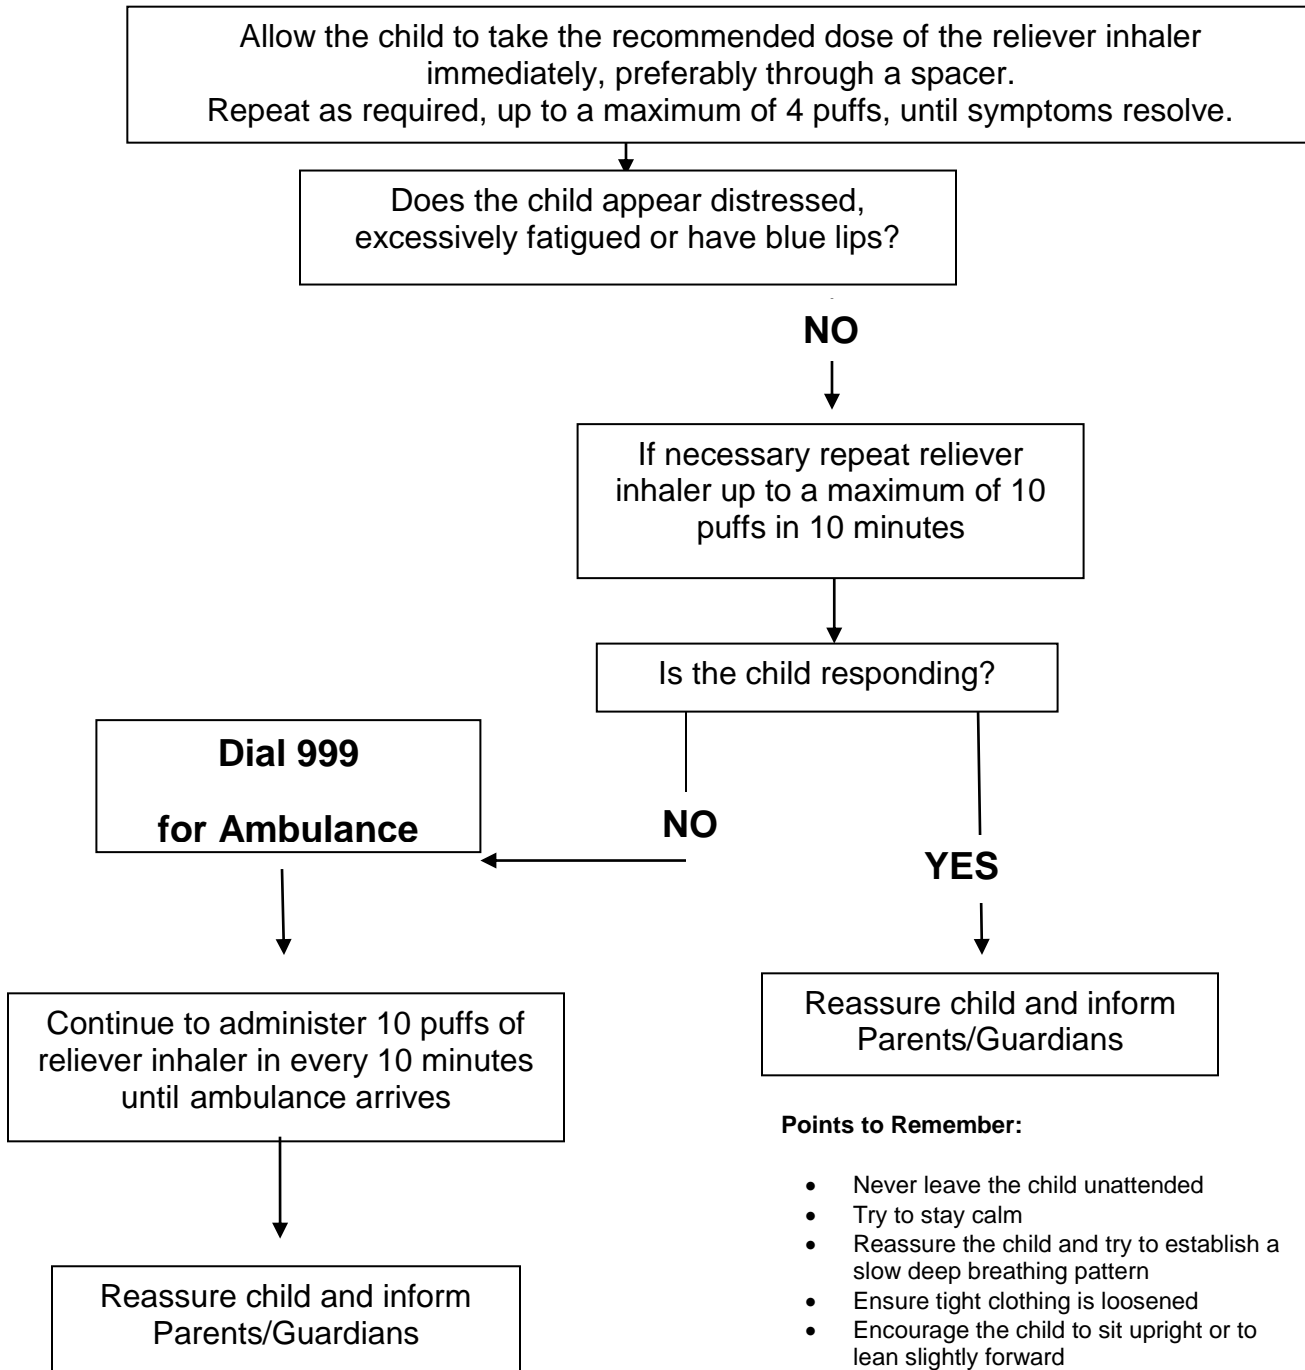

Prescription medication such as asthma inhalers require a MED1 or MED2 (when the medication is to be self administered) form to be filled in and handed into the school office. Medication will be stored in the medical room and within each classroom in zip lock bags with photo identification and details of dosage (for asthma, this is noted on the flow chart). All medication will be clearly labeled with pupil's name. A copy of the MED1 or MED2 form will be stored in individual red folders and kept locked within the medical room. Pupils will have access at all times and staff will supervise and record when it is used. When medication has expired or run out staff will send home the appropriate letter with the medication for parents to dispose of and provide new medication.

### Emergency medication

Emergency medication such as EPI pens will be kept in an unlocked cupboard in both the medical room and classrooms. Each EPI pen will be contained within a sealed box. This will have photo identification on the outside and labeled medication inside. It will also contain a copy of the Individual Healthcare Plan which will be reviewed annually or earlier if needs change.

**All medication will be sent home at the end of the summer term. Parents must provide medical information on the appropriate form each year.**

# ASTHMA ATTACK FLOW CHART

My child has taken this medication previously at home and has not suffered any side effects

5. BRIEFING OF STAFF

It is the Council's responsibility to provide briefing and training for staff. Arrangements for interim training, if required, will be considered on a case specific basis.

Briefing \_\_\_\_\_ Date \_\_\_\_\_

6. STAFF VOLUNTEERS

The following staff have agreed to administer medication in case of an emergency to (name of pupil) \_\_\_\_\_.

NAME (Block capitals)	SIGNATURE	DATE OF AGREEMENT	DATE OF TRAINING

--	--	--	--

7. STAFF INDEMNITY

**“Midlothian Council hereby indemnifies all authorised staff at the school from and against claims for alleged negligent actions, costs, charges, losses, damages and expenses which they or any of them or may incur or sustain by reason of any alleged negligent act or omission by them in the operation of specific healthcare plans for the Pupil, provided always that the alleged negligent act or omission was lawful, it occurred in the course of their employment and the member of staff was acting within the scope of their authority and in terms of the guidance provided.”**

CONCLUSION AND AGREEMENT

- (i) These notes will be held by School, Parents, local Health Centre, Community Paediatrician and Education, Communities and Economy Directorate.
- (ii) In the event of any revision of the treatment plan, a new agreement will be drawn up and circulated as above.
- (iii) The parents, school and Midlothian Council hereby acknowledge and agree that medication will be administered to the pupil in accordance with the provisions of this Agreement.
- (iv) AGREEMENT

I wish my son/daughter to have the above medication administered by school staff in the case of emergency.

I understand that staff will have been provided with training by appropriate Health Professionals prior to administering any such emergency treatment.

I have read and understood the staff indemnity provided by Midlothian Council for the protection of staff.
